

R-LEE SHAR-PEI BREEDER QUALITY CONTRACT

The buyer agrees to purchase the dog/bitch as potential **breeder quality** for the sum of \$ _____. At one year of age the buyer must have the animal evaluated for breedability by the seller. If, at that time, the animal is x-ray clear (at the buyer's expense) for hip dysplasia and if it otherwise meets the **Chinese Shar-Pei Standard** (as determined by the seller) the animal may be used for breeding purposes.

If the dog/bitch is to be used for breeding, the buyer agrees to provide the seller with a pick puppy from the first breeding or will pay the seller the sum of \$ _____. **R-Lee Shar-Pei** will provide the stud service for \$ _____. If another stud is selected, **R-Lee Shar-Pei** must approve of said stud or receive the specified stud service fee prior to the breeding.

If the dog/bitch is found at one year of age to be unqualified for breeding, the buyer agrees to neuter the animal and to provide to the seller documentation of the neutering, at which time the seller will transfer total ownership of the animal to the buyer.

This dog/bitch is guaranteed by **R-Lee Shar-Pei** to pass the OFA at two years of age, or prior to breeding, whichever occurs first. Should the animal not pass OFA, with the approval of the buyer, the seller will provide a replacement puppy of equal value.
